

# Create a RAISED BED with

## Morgan Composting<sup>™</sup>

*Raised beds are a great way to avoid weeding and simplify your gardening experience!*

**Step 1:** Start filling your structure with a base of **DAIRY DOO'S** Topsoil Blend. Continue filling and spreading the **TOPSOIL BLEND** evenly across the structure until you are about 6-8 inches from the top of the bed.

**Step 2:** Unfold your newspapers and spread them across the top of the **TOPSOIL BLEND**. Be sure to cover all of the soil. Wet the top of the newspapers thoroughly.

*\*Note - if you are using a very shallow structure steps 1 and 2 can be omitted.*

**Step 3:** Fill and level the remaining 6-8 inches of your raised bed with **FlowerDoo 201** or

**VeggieDoo 301**, depending on what you will be planting in the raised bed. Both are organic, weed free, and full of the nutrients your plants need!

**Step 4:** Follow the instructions for your plant transplants to dig holes the appropriate distance apart. Add your transplants and fill the

## FlowerDoo 201 or VeggieDoo 301 (top 6"-8")

# “We are sold on the **DAIRY DOO!**”

## A testimonial ...

“We recently moved north and planted our garden about 6 weeks ago...Tomatoes the size of baseballs, huge semi-hot peppers and other veggies. We are sold on the **DAIRY DOO!**”

-Kyla

## OFF THE CHAIN.

“First time I used your potting soil and MAN is it ever OFF THE CHAIN. ALL my plants and peppers have EXPLODED. This was taken a few weeks after transplanting my Habaneros. I tell everyone I know of **DAIRY DOO** and will use it every chance I can get.”

-Bob

## Thanks for the amazing soil!

“Our [garden] from last year, thanks for the amazing soil Morgan Composting! It was our first garden but with your soil it produced very well.”

- Cherise
